# AIAPGET Results

We are happy to have been associated with many successful candidates since we started this venture, with All India First Rank in the first year itself.

## 2018

## 2020

## 2019

## 2021

## Medi-Futura Private Ltd.

Medi-Futura is a Private Limited Company incorporated under The Companies Act and registered with registrar of companies, with an aim to make available affordable, accessible, education to all medical and paramedical professionals, to enhance their productivity and level of achievements.

The team behind Medi-futura was associated with the success story of the Target CEH Program by Progressive Homoeopaths Forum even before incorporation as a company. Being one of the most successful houses providing coaching for competitive examinations in Homoeopathy, Medi-Futura ensures that the queries from each aspirant are answered and they are guided in the proper direction for better utilization of their time and resources to achieve the best possible result.

## Mediguru (Homoeopathy)

Mediguru is an Android app intending to provide affordable high-quality coaching for Homoeopathic Competitive Examinations through online Mode. The inception of this noble dream was in 2018 when Key Faculties which worked with Target CEH Program of PHF (A charitable trust by Homoeopaths, also providing AIAPGET/PSC/UPSC Coaching since 2017) wanted to further their success story and make the benefits of their efforts available for more people, developed a concept for an online app, to provide the classes for AIAPGET/ PSC/UPSC (Homoeopathy) for seamless study for all Homoeopaths across India, at affordable cost, at the comfort of their rooms, on their convenient time.

The App available in the play store has various packages which can be used by every aspirant according to their needs

There are pre-recorded video lectures in every subject in Homoeopathic Syllabus, edited to include the talking points in overlay text so that students can relate to things in a better manner. More than 250 hours of videos are preloaded into the app classified subjectwise, which can be viewed repeatedly by the aspirants till they are satisfied.

More than **15000 practice questions** are also preloaded into the app for real time test practice so that the nitty-gritty of doing MCQ tests, the art of elimination, the art of right choice, etc will be sharper for the aspirants.

The last 100 days of the program will also feature a **Daily Live mock Test Program** which will be giving an opportunity for all aspirants across India to attend the test simultaneously and get real-time statistics about where you stand in the competition visa-vis others. This should help you to do a self-analysis of your weakness and strengths and appropriately shift the gears in your plans. There will be a few live sessions-

to give your preparation the right direction and orientation after you are prepared a little. Then there will be more live sessions in the end, in the form of summing up sessions for all the subjects.

## TESTIMONIALS

Brilliant and extraordinary app for PG preparation. Everything in this app is well organized & synchronized. Previous question papers are well explained through video lectures. 4000 question papers (mock tests) have already been added with answers. Extraordinary study materials with extraordinary video lectures by expert and efficient faculties. Many more things are there to be discovered in this app for both UG students & those who are preparing for PG. Once u download the app, feel the magic.

Dr. Subhamoy Sarkar

Very useful app with lots of information, classes on how to prepare and what to prepare and mock tests which build up our capabilities on how to prepare for competitive exams... The friendly app is really worthful.

Aparna Ghosh

Easy to use, informative, regularly updated, and surely a pocket-friendly guide for competitive exams(Neet PG, PSC, MOH, etc). Highly recommended for those who have a shortage of time to go through all the textbooks.

Hansa Jamal

It's a good platform for AIAPGET and PSC aspirants...to study ... especially recommend this to those who are starting after a break... they teach you essentials in all the subjects in a concise and comprehensive manner with ample number of MCQ in every subject...

Prajisha Borkar
